ABOUT US

We would like to introduce ourselves as one of the largest Manufacture & Importers and traders of Auto lighting products, we deal in Auto Bulbs, Auto LED and Auto Electrical parts. We have been the specialists of this business for more than two decades. At present we have a customer base through out India and cater to almost all the players of this field. Our main line of expertise is in Auto Bulbs and its components, especially Tail light Bulb, Indicator Bulbs, Fog Lights, Semi furnished Bulbs, Auto Halogen, Auto Bulb Capsules and their Caps (Base).

As a plan of expansion from last few years we have started dealing in LED products as well, LED Headlight Bulbs, Bar Lights and many extra fitting lights. We are in the market with over 1.5 Billion units sold so far and more than Approx 150 varieties of products. Brighter and modern than most factory-installed lamps. With LED retrofits you achieve a completely new light effect.
